Preventive visits included in the year _____ **Breakdown call attended within** _____

Amount in words _____

Scope and terms

1. Preventive visits: ____ in the year. Each visit: cleaning of camera lenses and housings; check of picture, night vision, cables, connectors, power supply, recording and hard disk, as per the service visit report.
2. Breakdown calls: labour for ____ calls is included; after that ₹ ____ a visit.
3. Parts are NOT included. Any part replaced (camera, DVR / NVR, hard disk, power supply, cable, connectors) is billed separately with its HSN and GST, after the customer approves the cost.
4. Not covered: damage from lightning, voltage, water, fire, theft, rodents, tampering or repair by others; shifting or adding cameras; civil and electrical work; the internet connection.
5. Payment: ____ % with the order, balance on ____. GST as shown above.
6. The AMC starts after the system is checked and found working; faults found at that check are quoted separately.

Accepted by customer (name, sign, date) **For the shop (sign, stamp)**

This is a quotation, not a tax invoice. AMC is a service: SAC heading 9987 at 18% GST (Notification 11/2017-Central Tax (Rate), checked 10 Nov 2026). For an AMC that includes parts, confirm the code and how to show the tax with your CA.
